MT750 engine

VM R756EU6, 4500 cm³, Turbo diesel, Euro 6, 6 Cylinder, water-cooled, intercooler, Common Rail, 115 kW (156 HP) with 2600 1/min ECE R24, max. torque 500 Nm with 1400 1/min, torque increase 31%, particle filter, SCR and AdBlue,

MT720 and MT740 engine

VM R754EU6, 2970 cm³, Turbo diesel, Euro 6, 4 Cylinder, water-cooled, intercooler, Common Rail, 80 kW (109 HP) with 2600 1/min ECE R24, max. torque 420 Nm with 1100 1/min, torque increase 40 % particle filter, SCR and AdBlue,

Control everything with one hand:

- Hydraulics
- Tilting platform
- Differential lock
- Float position
- Proportional adjustment circuit 3

Tires:

MT750 and MT740:
245/70R17.5

Option MT750:
225/75R16 Twin

MT720:
205/75R16
Twin

Total weights:

Slow runner (40 km/h)
6500 kg (MT720 / MT 740)
7500 kg (MT750)

Fast runner (90 km/h)
5500 kg (MT720)
6500 kg (MT740)
7500 kg (MT750)
